**Subject:** Portland supports a balanced river cleanup

We need a river cleanup plan that supports our environment and our economy.

If this EPA plans goes forward with a big price tag, our small companies that work on the river will never be able to afford the bills you will send them. We're asking that you please consider what the impacts on the environment but also on employers and taxpayers.

Please do what's right for the environment and the important work that happens in the Portland Harbor.

Sincerely,
